# CONFIDENCE MEN

Reawaken Man's Cupidity Report Received From the by Ancient Swindles.

MANY CASES IN CHICAGO STILL HOPE TO GET THROUGH

Months Before-"Suckers" in St. Louis.

CHICAGO, Ill., Aug. 23.-The green NEW YORK, Aug. 23.-William Ziegtoods swindle is rife again. At inter-ler has received a detailed report from Vals it breaks out in spots, like chicken

lustry all over the United States. The hat more green goods swindlers are reported there than any other examples of

#### Postmaster Arrested.

From Wheeling, W. Va., comes notice that Postmaster Thomas W. Tichinal has been arrested charged with a green goods swindle. His correspondence, as ilsclosed by the police, revealed dupes in all parts of the United States. From Wichita, Kan., comes word that three tellers of bogus greenbacks are operating in the southwestern part of the State and that stores, banks, and railroad offices are daily embarrassed with inquires about men who have unloaded bogus

the most ingenious performance of the new crop of swindlers. There, for two a whole. nights, an operator gave special per-

of white paper. According to the proers, the only expense involved is the

this "money-making machine" is a miniature wringing machine, only that the rollers are covered with an interchangeable fabric not unlike that used in ordinary window shades.

The "runner" picks his victim in the streets or in places of amusement and protoses to show him, with no attendant cost, the "way to make good money out of common paper." The listener is persuaded to witness the performance of the "machine" and is not asked for a promise that he will buy the contrivance. But he is sworn to secrecy in case he is not satisfied. In case of satisfaction self-preservation prompts secrecy.

To get a good view of the ice in every direction. We found that we could not observed which was could not rever be forced. It was at this stage that the chief engineer reported 105 tons of coal on board, which was an inadequate amount for us to be of any service to the America, that is, so far as being able to coal ber. It was then decided to take advantage of the conditions to return to Vardoe for coal.

"We have had nothing but warm weather, rain, and fog all the time, no wind—with the exception of one day—so the lee has gradually rotted, and if we only get a good blow the whole situation will change in a few days.

and building and blindfolded after he enters. Finally he is brought into an apartment in which sits an operator he erted between the rollers. The han- well, fectly printed, colored, and finished \$5 or \$19 note emerges from between the on lers. This bill is presented to the on- gar looker, and he is asked to take it away and ask any bank teller, cashier, or expert as to its genuineness.

The person who gets such a bill for othing naturally asked the opinion of he experts. Assured that it is good for 90 cents on the dollar, his cupldity is roused. He saw that bill made before its eyes out of a piece of common paper, le goes back and buys the "machine" or \$0. He may put a ream of paper cut of the proper size between its rollers, att never a negotiable bill comes forth.

Victims Uncomplaining.

Then the victim realizes that the thing was "loaded" with good bills to make the illusion. Victims of the twentieth century green goods man seldom complain, but the fact that half a hundred complaints have been filed with the police of the United States within sixty days indicates to what a vast extent the swindle is being practiced.

Just as the green goods swindle is an claboration of the flash roll fraud, so is the new "money making" wringer an elaboration of the green goods game. It obviates the risk of shipping "money."
It appeals to the secretive tendencies of Il such persons as are attracted to un for nothing.

A farmer who admits that he believe A farmer who admits that he believes his trunk contains nearly a million dollars told the police that he paid \$100 in money for the consignment. He added frankly in his confession that he al-ways supposed "bank bills was just printed." and that anyone who knew how to print the greenbacks was entitled to do so.

#### Police Are Aroused.

The police of the United States ar aroused over the improved revival of the green goods business. It was believ the pea and shell fake. But it has become "so old" that it seems to be

Green goods men are giving the St. Louis police more trouble than bunco short change experts, three card sharks, flash roll swindlers, and confidence men all put together. The express companies, alert aids to the Government inspectors, are hurried daily with shipments of green paper to men supposed to be intelligent and law-abiding.

The Shows Open Today.

The Seeman-Millican Mardi Gras and Sestival Company, which is now located it Fifteenth and H Streets northeast, was unable to open its shows last night, of the storm of the s as advertised, on account of the storm damaging its electric wires. Repairs having been made, the shows will be thrown open to the public this afternoon and will continue all this week.

Lieut, Andrew Rohan has seventeen somplaints from green goods buyers, who attribute their downfall to Chicago "dealers."

It is nearly eight years since a case of freen goods has been traced to Chicago trooks. Now the police are confronted with seventeen, and the force is busier in this subject than any other. There is to be a general revival of the inlustry all over the United States. The
